**Committee Purpose:**

Establish a partnership of District staff, parents, and community members to advise the District by analyzing data, evaluating potential solutions, and making recommendations to the Administration for planning educational facilities that will meet the changing needs of the BISD community.

**Meeting #2 Objectives**

1. Team members will have an update of demographic information for the District.
2. Team members will provide input into attendance boundary models that will be used to develop formal proposals to be considered.

**Committee Parameters:**

1. This committee provides recommendations to the Administration for planning future facilities needs but does not have decision-making authority.
2. Committee agendas and reports will be posted on the District Bond website.
3. Meetings will be facilitated by BISD administrators.
4. Focus Groups will be used to explore specific strategies and will bring potential solutions back to the full Team for discussion and recommendations
