

PSAT/NMSQT Information

On Tuesday, January 26th, all 11th Grade students, all 9th and 10th Grade Pre-AP English students, and all AVID I & II students will have the opportunity to take the PSAT. As these are national tests through College Board, students have to take these tests at school. All testers, including At-Home Learners, will need to report to school on this day in order to take advantage of this opportunity.

In order to accommodate for the increased number of students on our campus this day to ensure we continue to follow our COVID safety mitigation strategies, **all 12th grade students will be At-Home learners on this day.** Although 12th grade students will not be reporting to school on this day, **it is important they login to Schoology and complete all activities for each class they have on A day. If they do not complete these tasks, they will not receive attendance credit on this day.**

For any questions about the PSAT, please contact our testing coordinator, Shellie Dunn, at shellie.dunn@bisd.net.
